

Enable success by investing in your store associates

Deliver better customer experiences and bottom-line results with Valorem's frontline worker solutions.

Store associates are the backbone of retail

The first to interact with your customers

The first to operationalize your strategies

The first to experience your new products

And the foundation for your success

75% of surveyed retailers say customer-facing employees have a strong impact on annual sales¹

69% of surveyed retailers say empowering store associates has increased customer and employee satisfaction²

72% of surveyed retailers say empowering store associates has increased productivity²

Yet many lack modern technology to do their best work

86% of surveyed retailers believe store associates need better technology-enabled insights to make good business decisions in the moment²

Only 20% of surveyed retailers believe their store associates are digitally well-equipped to succeed²

50% of surveyed retailers say managers and supervisors aren't well-equipped with the right tools to empower store associates²
